

*This is our Model for HNI's: If sanctions were lifted Myanmar would be of interest to mining, natural gas, agribusiness, tourism, financial services and telecommunications. Everything from ports to telecoms. RFC traces money from an investor to the fund vehicle (hedge fund or private equity firm) to the stock exchange to the fund administrator (the accounting firm) to financial statements (the auditor) and tax and back to the investor! It covers fund structures, fund formation, due diligence, trading strategies, trade processing*
